Ventvisor/Side Window Deflector

This AVS signature product innovation is precision engineered for an exacting fit to the broadest range of vehicle applications on the market today. Its unique design allows fresh air to naturally circulate through open windows while still keeping the rain out, circulating stale air as well as allowing drivers to keep their window cracked while parked keeping the interior cooler in extreme heat. AVS offers drivers of trucks, SUVs, CUVs and passenger cars a variety of style choices to suit their preferences and vehicles. Primary products include:

- >The Original Ventvisor
- >Ventshade
- >In-Channel Ventvisor
- >Low Profile Ventvisor

Hood Protection

AVS designers have painstakingly worked to create a series of hood protection products to complement the contours of trucks, SUVs, CUVs and passenger cars. Products are not only designed to match your vehicle profile, but also serve as tough hood and fender protection against bugs, dirt and debris – keeping the hood looking showroom new. Primary products include:

- >Bugflector
- >Chrome Hood Shield
- >Aeroskin
- >Bugflector II
- >Carflector
- >Carflector
- >Hoodflector

Exterior Chrome Accessories

AVS offers a series of chrome-finished stylish exterior accessories including door levers, door handles, fuel door, tailgate and mirror covers.

Interior Accessories

AVS offers a series of interior doorsill protectors to prevent scratches and scuffs.

Light Covers

Our versatile line of light covers includes a range of styles for headlight accents and taillight covers designed to provide tough protection and increased vehicle performance.

Scoops/Vents/Decals

AVS scoops and vents are manufactured to withstand years of exposure, adding high-performance and style to any truck or SUV.
